A desk top personal power module which fixes directly to the desk edge , with a robust clamp or sticky tabs. Boulder provides complete customisable power (factory set in 45° increments) and data in a stylish, versatile and space saving format. Due to our UK design & manufacture even the most complex configurations can be created and delivered in as little as ten working days, subject to component availability.

- All products PAT tested
- BS 5733 certified
- Short lead times
- Fast installation
- Fire rated plastics

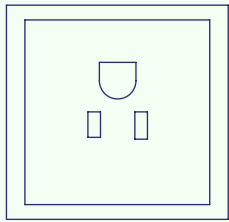

\*All measurements in mm
