Mirage

In desk module

Product Builder

A power & comms unit with an extraordinarily low profile which fits flush to table top. As well as the power, data & AV options being customisable (sockets can be orientated to service users on both sides) the colour/finish of each component including the all metal body and surround can also be selected by the client. Thin profile makes it suitable for panel mounting and soft furnishing.

*All measurements in mm

- Slim line Bezel
- All products PAT tested
- Short lead times, fast installation
- Fire rated, BS 5733 certified
