Under desk module

Product Builder

- Customisable outlets
- All products PAT tested
- Short lead times, fast installation
- Fire rated, BS 5733 certified
- 16 & 32 amp capacity

A robust power & data module ideal for a wide range of applications such as under desk, under floor and in server cabinets & racks. The tough aluminium body is capable of housing a wide variety of outlets including data, voice, AV and power sockets which can be set in 45 degree increments of orientation. Due to our UK production even the most complex configurations can be created and delivered in ten working days, subject to component availability.
